CLICHÉ | CYREL® DPN 1.7 MM

CLICHÉ 1.7 MM

10.2020

Description	
Material	CYREL® DPN 1.7 mm
Type	Medium hard digital plate with highest possible resolution.
Use	Flexible packages Bags Print on foil Cardboard
Characteristics	Cyrel® DPN is a universal cliché for fine half-tone, line, screen and solid printing of most printable materials. Cyrel® DPN has a wide exposure range during processing and extremely short drying times. In addition to alcohol-based and water-based inks, Cyrel® DPN is also compatible with UV-based inks and offers very good ink transfer and long press runs even during critical applications. The plate is very flexible and is suitable for even the smallest cylinder diameters. Cyrel® DPN is also available for continuous printing forms.
Color	Red
Strength	1.7 mm
Picture Reproduction	1 - 98% 60 L/cm
Durometer	67 Sh A
Resistant to	
Water-based ink	Yes
Solvent-based ink	Yes
UV-based ink	Yes
Ozone	Yes
Suitable detergent	Alcohol
